PROFESSIONAL SUMMARY

4th-year Computer Science student at Debre Berhan University and IBT College of Canada Software Development trainee. Experienced in building responsive web applications using React, JavaScript, HTML and CSS. Seeking a Frontend Developer internship to contribute to real-world products and grow my skills.

TECHNICAL SKILLS

Frontend: React, Responsive Web Design, component-based UI, form validation

Programming: Python, C++, HTML5, CSS3, JavaScript

Tools: Git, GitHub, Visual Studio Code, NetBeans

PROJECTS

Addis Eats — Food Delivery Web Application | React · JavaScript · CSS · Vite

- Built a responsive food delivery application with menu search, category filtering, dish details, favorites, cart, and checkout.
- Implemented client-side state management and local storage.
- Developed admin authentication, order management, and menu CRUD features.

Habesha Eatery — Restaurant Website | HTML · CSS · JavaScript

- Developed a responsive restaurant website with menu browsing, contact information, and table reservation functionality.

Live: habeshaeatery.vercel.app **Code:** [GitHub Repository](#)

Client-Side Bank Transaction System | Python

- Developed a banking application supporting account creation, deposits, transfers, account viewing, and transaction undo functionality.

Code: [GitHub Repository](#)

INTERNSHIP

Software Development Intern — AAITB | 3 Months

- Contributed to the development of a real-world **Court Case Management System**.
- Worked on frontend development and implemented features for managing court case information and workflows.
- Collaborated with a team to develop and improve the system based on project requirements.

EDUCATION & TRAINING

B.Sc. in Computer Science — Debre Berhan University | Expected Graduation: February 2027

CGPA: 3.48 · Relevant coursework: Object-Oriented Programming, Databases, Web Development, Software Engineering

Advanced Digital Skills: Software Development & Quality Assurance — IBT College of Canada | 2026 – Present

Six-month software development training covering full-stack development, React, Next.js, APIs, databases, Git workflows, testing fundamentals, and professional software development practices.

SOFT SKILLS

Teamwork · Communication · Time Management · Critical Thinking · Problem Solving

CERTIFICATION

Programming Fundamentals — ECODES
